

**Imagine a rugged
computer designed
just for you...**

handheld

More than rugged computers

We provide options for customized versions of our products or even tailor-made devices to meet your specific requirements.

Customizations of product features

Specialized keypads, unique ports, custom battery configurations, and more.

Need a groundbreaking accessory?

Our creative team can design something entirely new for your needs.

Why settle for standard colors?

We can splash on your brand's personality with your logo and a color scheme that screams you.

How do you want your rugged computer?

About Handheld

Handheld Group is a manufacturer and global supplier of rugged mobile computers, handhelds and tablets. Handheld and partners worldwide deliver mobility solutions to businesses within geomatics, logistics, forestry, public transportation, utilities, construction, maintenance, mining, military and security. Handheld Group, part of MilDef, is headquartered in Sweden with subsidiaries in the U.K., Germany, Switzerland, and the USA.
